

Conduct/Effort Grades

Grading students' conduct and effort will be done with the help of a behavior tracking sheet. As rule number 5 states: Obey these rules when not in our classroom. This includes other classes, lunch, hallway, recess, etc. Should a student be given a warning from another teacher, his/her card will be moved from its pocket into the appropriate consequence pocket. It will also be recorded on the behavior tracking sheet. Each quarter, students begin with 100 points. One conduct point is taken for every warning given in a single day. (Example: 2 warnings – lose 2 conduct points) At the end of the quarter, the total points taken will be added up from the behavior tracking sheet. The total points left will be the grade he/she will receive for that quarter. Grades are given as follows: 85-100 points = Good; 65-84 = Satisfactory; 0-64= Unsatisfactory

Reminder: Students with a “U” could be placed on an academic contract.

Note: Any warnings and/or points taken from the student from Specials classes (P.E., Spanish, Computer, Art, etc.) will be deducted from total points at mid-term and the end of quarter.
