

School-Home Links

During the school year, I will be sending home a copy of activities for you to do with your child. These activities are organized by reading and literacy skills appropriate to our grade level. These links provide your family with an excellent opportunity to share learning at home. There is a space for you to sign showing that you have worked with your child on the activity. Please sign and return to school for the next link. Enjoy these with your child. Please feel free to give me any comments you feel would be helpful in the future.

Mrs. Hassell
