

Trinity Developmental Basketball League Summer 2010

Trinity Athletics, Inc
Chairman of the Board- Brad Bishop
President- Bo Healy bo@trinityhoops.org

As parents of young children, we love having our kids involved in a community where God is placed first. This is the foundation for the rest of their lives. We are also believers that athletics is a great way for kids to grow. They get to have fun with their friends and meet new people in our community. We know there are so many good people from different schools who would never know each other without athletics. This league is meant to be a developmental league, where children learn about the game and grow by playing with their friends. We see kids every winter who have fun on the basketball court, but they just don't know enough about the game or themselves to be confident. We want them to learn how to play the game, which will give them confidence on and off the court. When kids push their limitations, they begin to understand themselves better and develop self-esteem. We also envision having camps and clinics, where they can meet many new friends while learning the game of basketball. For the ones who are advanced, the spring travel teams we will start next spring, through try-outs, for the participants in our league are great ways to compete with other children from many different schools. Lifelong relationships are built with the friends we compete and play sports with.

We want this league to begin THIS SUMMER.

To start, we need coaches to get in contact with us as soon as possible so we can get a feel for this. Any help you can do to get other coaches on board would be a big help. Or just get them in contact with me and I will talk to them. Coaches for the younger grades especially. Also, if you don't have enough for a team, I need to know that so we can combine. I know we will need to do this some. I have attached a worksheet for you that you can email back to me and/or print it off for yourself.

Coaches-Please Contact Me To Let Me Know You Are In, By The Middle Of March At The Latest If Possible

Players- Go to the website and sign up and contact me w/questions

Visit our website at www.trinityhoops.org
